

# RAISE BLOCKADE AGAINST HUNS TODAY

## COUNCIL LIFTS BAN ON TRADING WITH GERMANY

### Action Follows Report of Experts on Hun Ratification

PARIS, July 11.—(By The Associated Press.)—The council of five has decided to raise the blockade against Germany tomorrow, it was announced tonight.

The council's decision was taken after receipt of the report of the legal experts declaring the official document notifying the council of ratification of the treaty by Germany to be in due form.

So far as the action of the council concerns France, the measure will be effective only after publication in the Journal Officiel of a decree annulling the preceding decrees regarding the blockade.

To Issue Blanket Licenses  
Washington, July 11.—With the lifting tomorrow of the blockade against Germany trading between that country and the United States as well as the other associated powers will begin.

Acting Secretary of State Poik announced today that blanket licenses would be issued for transactions of American firms and that details would be given within 48 hours after decision by legal experts as to whether a formal proclamation by the president would be necessary.

Trading in all commodities, except dyestuffs, chemicals and potash, control over which will be exercised by the reparations commission set up by the peace treaty, will be unrestricted, it was said.

American firms doing business with Germany must send their agents into that country without passports, however, as these cannot be issued until the proclamation of peace. It also was said at the state department that there was no certainty when American consuls would be sent to Germany.

Payment for the goods which this country sends to Germany must be made under a system of credits to be arranged later thru private capital, officials said. Details as to this system have not been worked out. While Germany has large quantities of goods ready to be exported officials doubted that there would be any great demand for them in this country and consequently the trade balance in favor of the United States is expected to be large.

Germany was said to be in immediate and pressing need of raw materials of almost all kinds, particularly cotton and copper in order to rehabilitate her industries. Large amounts of food have been sent into that country under direction of the inter-allied relief commission, but it is believed that the demand for grain and other cereals will be great. Clothing of all kinds also is needed.

To Import Necessities Freely.  
Berlin, July 11.—(By The Associated Press.)—In connection with the imminent raising of the blockade, it is stated that importation of necessities, such as food, wear and clothing, will be made quite freely, but the cabinet intends to admit luxuries and raw materials only to the extent thought to be advantageous from the economic viewpoint.

As individual firms lack credit facilities, the cabinet takes the standpoint that import syndicates must be formed and these can only succeed if the government participates in their direction.

To Establish Steamship Lines  
Washington, July 11.—Steamship lines to Hamburg and Bremen, Germany, will be established as soon as cargoes are available at American ports, the shipping board announced today.

The lines will operate from Boston, New York, Baltimore and Philadelphia, one vessel to be allocated to the line between Philadelphia and Hamburg at once. For the shipment of cotton, lines also will be started from southern ports to Hamburg and Bremen.

WEATHER INDICATIONS AND TEMPERATURES  
Illinois:—Partly cloudy and somewhat warmer Saturday with local showers; Sunday generally fair and cooler in north and central portions, probably unsettled in extreme south portion.

## Wilson Signs Three Large Supply Measures

WASHINGTON, July 11.—President Wilson had another busy day today. He spent many hours in his office working on business which accumulated while he was returning from Paris, conferred with two cabinet officers and late in the day signed the army, navy, deficiency and District of Columbia appropriation bills, and the resolution repealing the act under which the telephone, telegraph and cable companies were taken over during the war.

Consider Daylight Saving Repeal  
The president still had before him the agricultural bill with its rider for repeal of the daylight saving law and the huge sundry civil measure with appropriations for the shipping board and the campaign against bomb throwers and other radicals. Many petitions both for and against repeal of the daylight law were before the president and he was reported as giving this matter much thought.

All of the appropriation measures signed by the president became law immediately with the exception of the retroactive to July 1, but the retro resolution does not become effective until the end of the month, when the properties will be returned to their owners. Under the resolution intra-state telephone rates established under government control will remain effective for four months unless sooner modified by state rate making bodies.

It was indicated that the president has not yet begun preparation of the address to be delivered to the senate, when he presents the treaty with France by which the United States would go to that republic's aid in case of unprovoked attack by Germany.

Just when the treaty would be submitted seemed uncertain, but it was considered likely that this would be done before Mr. Wilson started on his tour of the country.

Itinerary Not Completed.  
The president's itinerary for his swing "around the circle" remained uncompleted today. It was understood that several itineraries had been suggested.

Accompanied by Mrs. Wilson, the president spent more than an hour this forenoon on the golf links at a country club near Washington. Returning to the white house at 11 o'clock he went immediately to his study and again attacked the mass of official business which awaited him on his arrival from Paris.

The president has mapped out a definite program and it was said this would be rigidly adhered to until he started on his speaking tour. On the advice of his personal physician Rear Admiral Grayson, the president will go to the golf links every day for exercise if possible.

Mr. Wilson was said to be in excellent health but his physician deems it advisable that he spend much time in the open in preparation for his vigorous speaking tour.

## COUNCIL RECEIVES FIUME COMMISSION

PARIS, Thursday, July 10.—By The Assd. Press.—The allied supreme council received today General Naulin of France; Gen. Dirobiant of Italy; Major General Sir H. E. Watts of England, and Major General Charles P. Summerall, of the United States forming the commission to investigate recent incidents at Fiume. The commission will leave Paris tomorrow for the Adriatic.

Afterwards the council heard Captain Andre Tardieu, of France on the question of the Austrian and Hungarian frontiers and concluded its meeting with a discussion of the aerial convention. This it will be recalled was drafted by an inter-allied commission formed to study laws of aerial navigation but certain delegations notably the American and Japanese needed supplementary instructions from their governments. The council decided to adjourn further discussion of the convention.

## STRIKE HOLDS UP COASTWISE SHIPS

NEW YORK, July 11.—Several coastwise steamers have been prevented from sailing and others due to leave tomorrow will be tied up unless they are able to replace striking firemen, water tenders and others who struck yesterday for a wage increase of \$15 a month.

Vessels operated by the United States shipping board are not affected. At union headquarters here it was said that unless the shipping board acceded to the men's demands the crews of government operated vessels would follow the men on the privately owned ships.

## CALL MILITIA IN TEXAS RACE CLASH

### Situation Quiet After Battle Between Negroes and Whites

LONGVIEW, Texas, July 11.—Nearly two hundred members of the Texas National Guard from Dallas and Nacogdoches, ordered here today by Governor W. P. Hobby to prevent further clashes between whites and negroes were arriving tonight by train and automobile. The situation remains quiet after a clash early today in which four white men were wounded when a small party of whites was fired upon by negroes, estimated to have numbered about seventy five.

Reports that one negro had been killed by shots returned by the whites could not be confirmed and as far as known none of the negroes was wounded.

City and county officials expressed the belief tonight that there would be no further trouble, but said the presence of state soldiers would serve as a precautionary measure. Additional troops are held in readiness at Terrell. Texas Rangers are expected to relieve the soldiers tomorrow.

The trouble today occurred when twelve or fifteen white men were waylaid and fired upon in the negro section of Longview where they had gone in search of F. L. Jones, a negro school teacher accused of causing the publication of statements derogatory to a young woman of this county in a negro newspaper published in Chicago. The whites returned the fire of the negroes who were hidden in vantage points and withdrew when their ammunition was exhausted, four of their number having suffered wounds.

A general alarm was sounded soon after the shooting and reinforcements soon returned to the scene to find that the negroes had dispersed. Five of the principal negro residences were then burned by the whites.

Local officials unable to cope with the situation at this time called upon the governor for aid. The excitement soon passed, however, and since the situation has continued quiet.

Search for two alleged negro ringleaders continued tonight.

## DANIELS WILL NOT ACCOMPANY FLEET

WASHINGTON, July 11.—Secretary Daniels announced today that he would not accompany the new Pacific Fleet to the west coast. The secretary will, however, join the fleet at San Diego Cal., about August 10. The date of the fleet's sailing from Hampton Roads has been changed from July 19 to July 22.

Mr. Daniels said that the fleet would reach San Francisco about August 15, at which point it probably will be reviewed by President Wilson during his speaking tour in behalf of the league of nations.

The decision as to the port at which the review will take place, it was said, depends upon the president's itinerary.

Secretary Daniels announced he had accepted the invitation of the Honolulu Chamber of Commerce to be present at the official opening late in August of the new navy drydock at Pearl Harbor. The secretary will make the trip to Hawaii about the middle of the month.

The fleet will go to Honolulu for the event.

The Pearl Harbor drydock which is being completed is one of the largest in the world and will accommodate any ship now afloat. Construction work has been under way for several years having been partially wrecked by an earthquake.

## TO TAKE HULL TO CHICAGO

SPRINGFIELD, Ill., July 11.—Earl Hull charged with passing post office money orders at Rockford, Ill., and held here by federal officials will be taken to Chicago tomorrow for trial in the federal court of the northern district. Hull was arrested in Rock Island, and brought here today. The order for his removal was issued today by Judge Fitz Henry.

## HARDEN MAY BE HUN AMBASSADOR

Copenhagen, July 11.—Maximilian Harden, editor of Die Zukunft of Berlin, will probably be appointed ambassador at Washington as soon as diplomatic relations are restored says the Fremdenblatt of Hamburg.

## REVOKE NO TREATING ORDER

London, July 3.—(Correspondence of the Associated Press.)—It is no longer against the law in England to buy a round of drinks, the liquor board having revoked the "no treating" order, a war measure.

## Senate Leaders Prepare For Treaty Battle

WASHINGTON, July 11.—Senate leaders in the league of nations controversy continued their conferences today in preparation for the ratification fight which will begin when the senate reconvenes next Monday. While it was said the exact lines of division might not be drawn for some days, further progress in solidifying their forces was claimed by both sides.

President Wilson, having delivered the treaty to the senate and offered to supplement it with all the information in his possession, apparently put the matter temporarily out of his mind. He saw none of the senators who have been active in the fight and while he conferred with Acting Secretary Polk at the state department it was understood other subjects furnished the basis of their discussion.

There was continued discussion during the day of Mr. Wilson's last attempt to unseat Bela Kun. The Red troops are reported to be deserting to the Szeged army, the Socialist leaders are joining the anti-communists and another outbreak against Bela Kun is expected.

Return From Conference.  
London, July 11.—An Exchange Telegraph Despatch from Copenhagen quoting advice from Budapest says that the mission sent to Moscow by Bela Kun, Hungarian leader, has returned after a long conference with Nikolai Lenin and Leon Trotsky, respectively Bolshevik premier and minister of war. Bela Kun has received a letter from Lenin saying that Hungary is to be the base for Bolshevik propaganda against the Western European powers.

The delegation returning from Moscow is said to have obtained several million counterfeit English and French bank notes to be used in furthering the propaganda.

It developed today that in his conversations with senators yesterday at the capitol, Mr. Wilson went into great detail regarding the Shantung agreement. He was quoted as saying that the understanding that Shantung would be returned to China after a reconstruction period was of a very definite nature, and that the only gain to Japan would be such benefit as she might derive from temporary use of the German railroads and other German property in the territory.

## STEEL WORKERS MAY TAKE STRIKE VOTE

WASHINGTON, July 11.—Representatives of 24 affiliated International Unions of Workers in the Steel Industry at a meeting here today adopted a resolution recommending that a strike vote be taken among their membership. Definite action on the recommendation will be taken at a conference of the International Union presidents to be held in Pittsburgh July 20.

Representatives of the unions said the object of the strike if voted would be to enforce recognition of the unions and of collective bargaining by the steel industry which always has operated on an "open shop" basis. The union representatives claimed that a letter written by President Gompers of the American Federation of Labor to Judge Elbert H. Gary, as president of the American Iron and Steel Institute at the time of the Federation's Atlantic City convention to ascertain the position of the steel employers regarding recognition of the unions, had not been answered. Failure on the part of the interests to respond, they said led to the recommendation for a strike vote.

## NEBRASKA WHEAT NOT UP TO EXPECTATIONS

LINCOLN, Neb., July 11.—Nebraska's wheat crop will not meet expectations on yield and quality, according to the July crop report made public today by the Nebraska board of agriculture. Both winter and spring wheat are adversely affected. The average condition of spring wheat, the report states, is reduced to 89 per cent which forecasts 12,141,000 bushels.

Winter wheat a few days before harvest had the appearance of a record breaking crop, but the latest returns indicate that there will be 25 per cent less wheat than expected. The decrease is attributed to premature ripening by a few days of high temperatures during the ripening period, weakened vitality due to rust, the peculiar situation in which wheat turned from green to white suddenly instead of assuming the golden yellow and ripening properly, lodging, stands too heavy and rank, insects, and blight.

## TO ARRANGE TOUR FOR HENDERSON

AURORA, Ill., July 11.—Labor party representatives from over the United States will meet in Cleveland tomorrow to arrange a tour of this country to be made in October by Arthur Henderson, the British labor party leader.

Mr. Henderson is to urge the advantages of a labor party in political contests. Mr. Henderson is coming to America on the invitation of the newly organized labor party which in turn asked other labor party executive councils to name representatives to meet and arrange Mr. Henderson tour.

## CHARGED WOMAN KILLED SON-IN-LAW

Bluefield, W. Va., July 11.—Roy Willard, 29, is dead today, murdered, the police say, by his mother-in-law, Mrs. W. J. Taylor, half an hour after his wedding late yesterday. Mrs. Taylor is in jail and refuses to talk of the crime.

## Allied Council HOUSE DEBATES May War on Bela Kun Partisans

PARIS, July 11.—(By The Associated Press.)—Marshal Foch and representatives of Czechoslovakia and Jugo-Slavia were before the supreme council of the peace conference today for a discussion of the movement of the partisans of Bela Kun, Hungarian communist foreign minister, against Czechoslovakia and Austria, and the advisability of combined military action against them.

The different representatives were asked to confer with their governments to find out to what extent they are ready to participate in military operations against Bela Kun's forces. No decision will be reached until their reports are received.

Expect Another Outbreak.  
Budapest, Thursday July 10.—(By The A. P.)—The anti-communist government of Szeged appears to be strengthening, despite the poor success of the last attempt to unseat Bela Kun. The Red troops are reported to be deserting to the Szeged army, the Socialist leaders are joining the anti-communists and another outbreak against Bela Kun is expected.

Chairman Volstead of the judicial committee, in charge of the bill and Representative Igoe, Democrat, of Missouri, leader of the minority, were unable to allot all of the time desired by members anxious to be heard. There were more demands than there was time to give with everybody wanting a word. Time and again there was the call "the gentleman asks permission to extend and revise his remarks." The speech making will continue tomorrow but the house will not begin actual work on the bill, section by section, until Monday.

Again today ardent prohibitionists declared they could not support the enforcement bill because of its provisions and others contended that once congress defines intoxicating liquors as a beverage containing one half of 1 per cent alcohol the federal law for such enforcement cannot become effective without concurrent action by the several states.

## MOON MAKES ARGUMENT AGAINST "DRY" MEASURE

The principal "dry" argument against the "dry" measure today was made by Representative Moon, Democrat of Tennessee, who declared that unless it was materially amended he would feel in duty bound to vote against it or else express his disapproval by not voting at all.

For twenty-two years, Mr. Moon said he had stood upon the floor of the house and upheld the cause of prohibition but the enforcement bill, which he characterized as impracticable and senseless as anything ever suggested, should be opposed "because it is worse in all its features than the infamous force bill."

He asserted congress was going beyond its constitutional powers in attempting to say a man should not put liquor in his home, and in attempting to define intoxicating liquors by limiting the alcoholic content to one half of one per cent.

"Dry" Leaders Disconcerted  
It was apparent tonight that prohibition leaders were somewhat disconcerted by persistent attacks on the enforcement bill by members of the house regarded heretofore as certain to support it. They still claimed, however, to have enough votes to put it thru substantially as drafted, although they said radical changes undoubtedly would be made by the senate. The drive by the "wets" apparently had broken up all attempts, threatened several days ago, to make the bill more drastic than in its present form.

Representative Gard of Ohio, Democratic member of the judiciary committee, in opposing the bill said it was so drastic that the people would rise up in wrath against its enforcement but it was not half so drastic, he added, "as it had been when submitted to the committee by counsel for the Anti-Saloon League and the patent medicine interests."

Many changes still were necessary, he asserted.

Chairman Volstead interrupted Mr. Gard to say that he had been in conference today with counsel of "parties interested" in an effort to reach an agreement on some of the objectionable provisions.

"Without being disrespectful to the chairman," Mr. Gard broke in, "I would suggest that he consult with the committee members rather than with the counsel of interested parties."

Representatives Fitzgerald of Massachusetts and Upshaw of Georgia, both Democrats, touched upon the extremes of the whole prohibition question, the former declaring he would put forward the state of Maine as an example of the folly of attempting to enforce a dry law. Mr. Upshaw made a straight appeal for the passage of the bill, after reciting the evil, as he had found it in the liquor traffic.

A statement by the Georgia member that in the time of strikes

## Liken Liquor Traffic to Criminal Appeal-ino for a Reprieve

WASHINGTON, July 11.—In the course of a five hour debate in the house on the prohibition bill, the liquor traffic was likened to a convicted criminal, appealing for a reprieve, while some of the more drastic provisions of the measure were denounced as an invasion of the liberty, hospitality and habits of the home.

Not all of Time Used  
It probably was the last great day of prohibition oratory in the house. Not all of the twelve hours set aside for general debate had been used at the close of an all day discussion which ranged from a technical argument on constitutional questions to a straight stump speech for prohibition and its enforcement.

Chairman Volstead of the judicial committee, in charge of the bill and Representative Igoe, Democrat, of Missouri, leader of the minority, were unable to allot all of the time desired by members anxious to be heard. There were more demands than there was time to give with everybody wanting a word. Time and again there was the call "the gentleman asks permission to extend and revise his remarks." The speech making will continue tomorrow but the house will not begin actual work on the bill, section by section, until Monday.

Again today ardent prohibitionists declared they could not support the enforcement bill because of its provisions and others contended that once congress defines intoxicating liquors as a beverage containing one half of 1 per cent alcohol the federal law for such enforcement cannot become effective without concurrent action by the several states.

## OPEN INSTRUCTION CAMP AT SPRINGFIELD

SPRINGFIELD, Ill., July 11.—Arrival today of a detail of forty men of the Eleventh Infantry, National Guard, marked the opening of the camp of instruction at Camp Lincoln, and by Sunday night it is expected that the entire regiment will be encamped here.

Adjutant General Dickson stated tonight that he expected the greater part of the regiment would arrive Sunday morning. A motor ambulance unit will travel overland from Chicago and is expected to arrive at the camp early Sunday morning.

The regiment will remain at Camp Lincoln for a week. Colonel James E. Stuart of Chicago is in command of the regiment, which is composed of Chicago men.

## HAYES IMPROVING

Indianapolis, Ind., July 11.—Frank J. Hayes, president of the United Mine Workers of America, who is ill at a local sanatorium, will be able to leave the institution in a few days, it was announced by the physician in charge today. President Hayes is undergoing a "rest cure" it was said.

## TERMS CAMPAIGN "MOST SATISFACTORY"

Washington, July 11.—Results of the railroad administration's safety campaign declared by Director General Hines to be "most satisfactory" were made public today in statistics showing that in the first three months of this year 569 fewer persons killed in accidents than in the same period of 1918. The total number of accidents decreased 9,709.

## GOMPERS SAILS

New York, July 11.—Samuel Gompers, president of the American Federation of Labor, was among the passengers today on board the Mauretania, and will represent the American labor organizations at an international congress of trade unions at Amsterdam, Holland.

and riots the first order of the mayor of a city generally was to close the saloons drew a reply from the Massachusetts representative.

"While I was mayor of Boston," Mr. Fitzgerald shouted at Mr. Upshaw, "there was a street car strike and the saloons were not closed, but when they had a street car strike recently in the dry city of Bangor, Maine, the mayor ordered the saloons closed and the fact was published in the newspapers."

Mr. Fitzgerald engaged in a colloquy with Representative Hersey, Republican of Maine, as to liquor conditions in that state, the Massachusetts representative contending that no attempt had ever been made to enforce prohibition.

## Argo Plant Bars Non-English Speaking People

CHICAGO, July 11.—F. M. Sayre, superintendent of the Corn Products Refining Co.'s plant at Argo, Ill., declared today that one of the results of the strike in which three were killed and a score seriously wounded would be the elimination in the future of all non-English speaking employees from the plant.

This will mean the dropping of the names of about 700 men and women strikers from the rolls when the plant re-opens.

Officials of the company declare that the strike was caused by foreign I. W. W. agitators and they desire to prevent a repetition of the trouble.

The plant is still under guard of 200 armed deputy sheriffs and special policemen and quiet prevailed throughout the village today.

This was pay day at the Argo plant. The men and women strikers were paid for last week's work. Precautions were taken to prevent disorder by distributing the pay envelopes outside the walls of the plant. The women were paid first and the men were given their money in small groups later.

Officials of the company said that the strike had practically been broken and that about 1,500 of the 2,000 employees had signed their willingness to return to their posts. They said the foreign born men and women are practically the only strikers holding out and that they will not be taken back. It is expected that the company will attempt to resume full capacity operation of the plant probably next Monday.

## Corn Products Plant Burns

Edgewater, N. J., July 11.—One fireman was injured, a barge and a pier 280 feet long were destroyed and the main plant of the Corn Products Co. was endangered by fire of undetermined origin here today.

A large quantity of gluten and corn stored on the pier on which the fire started, was destroyed. The plant is one of several of the Corn Products Co., at which employees are on strike.

## Some Products They Deal In.

"In addition to meat foods, they produce or deal in such divers commodities as fresh tomatoes and canned goods, leather and cotton seed oil, breakfast foods, viz., cereal, hair, pepsin and washing powders.

They have interests large enough to be a dominating influence in most of the services connected with the production and distribution of animal foods and their by-products. They are factors in cattle loan companies making the necessary loans to growers and feeders of livestock; are interested in railways and private car lines, transporting live stock and manufactured animal products; in most of the important stock yards.

"They are interested in banks from which their competitors packing houses borrow money; they are dealers on the provisions exchanges where future prices in standard and cured animal products are determined.

"They are important factors in the leather industry, in oleomargarine and lard substitutes; in cotton seed oil, in fertilizer, in glue, etc.

## Extend Activities.

"Their vast distributing system, with the advantages arising from the control of private cars, cold storage, and a net work of branch houses, has enabled them to extend their activities on a large scale into poultry, eggs, cheese, butter, rice, breakfast foods, canned vegetables, soda fountain supplies, and other lines.

## FEAR PACKER DOMINATION OF ALL FOODS

### Federal Trade Commission Declares Action Necessary

WASHINGTON, July 11.—An approaching packer domination of all important foods in the United States and international control of meat products with foreign companies seems a certainty unless fundamental action is taken to prevent it, the federal trade commission declared today in part one of its reports to President Wilson on the extent and growth of power of the five packers in meat and other industries.

Threaten Market Freedom.  
"A fair consideration of the course the five packers have followed and the position they have already reached," said the report, "must lead to the conclusion that they threaten the freedom of the market of the country's food industries and of the by-product of the industries linked therewith. The meat packer control of other foods will not require long in developing."

Declaring the "history of the packers' growth is interwoven with illegal commissions, rebates and with undisclosed control of corporations," the report urged the importance of full publicity of corporate ownership for all industries.

"As to devices for securing control, there do not exist adequate laws," the report said. "In its endeavor to secure unfair competition and to run its course to the goal of monopoly and accomplish the ruin of competitors without the secret ownership being suspected and consequently without complaint to the commission or investigation of facts. The competitor is in jeopardy so long as he has not the knowledge of true ownership and the public is entitled to such knowledge. Alleging that the 'big five' packers—Swift & Co., Armour & Co., Wilson & Co., Morris & Co., and the Cudahy company—jointly or separately wield controlling interest of 574 companies, minority interest in 95 others and undetermined interest in 93—a total of 762 companies—and that they produce or deal in 775 commodities, largely food products, the report gives this picture of growing packer invasion into related and unrelated industries:

**STRONG FOR FILTRATION PLANT.**

The question of building a filtration plant and building it this year is one in which there seems to be a unanimity of opinion. When the water project was started it was with the thought of providing a large supply of filtered water for the people of Jacksonville, and those citizens who have looked into the question do not believe that the change in cost of construction should interfere with the original program.

The legislature made such changes in the law that cities can issue bonds to a larger extent. It is therefore quite certain that Jacksonville can provide a filtration plant by this means if it chooses. However, if the majority prefer a fund raised by private subscription it can be done in that way.

**DISCUSS THE CITY'S FINANCIAL STATUS.**

A great many comments were heard yesterday, especially among business men, on the city's financial statement prepared by Price, Waterhouse & Co., and just made public by the council. All citizens knew that the city had a large

**Summer.**  
The summer time is here once more, with scented winds from far off shore, suggesting eastern drugs; their voluptuous and sweet; the summer time would be a treat, but for the beastly bugs. The earth is carpeted with green, the smoothest color ever seen, a brilliant blue the skies; sometimes there is a golden haze, and one might lose the summer days, but for the nasty flies. A stranger bird has ceased to soar, and pauses, singing, by my door; its melody enchants; and I could listen to its song, in ecstasy, the whole day long, but for the noxious ants. And I could take my picnic pail, and have an outing in the vale, and roam sequestered brakes, find inspiration for a rhyme, and have the blameworthy kind of time, but for the slimy snakes. Now on her way proud summer struts, and but for sundry ifs and buts all mankind she would please; 'twould be a blessing to repose where yonder elm its shadow throws, but for the wasps and bees. Oh, I would take my lyre in arms, and sing of summer's gorgeous charms, in most exalted terms, but for the slugs and worms.

**THE PACKERS AND ANOTHER REPORT.**

The federal trade board has made another extensive report in which the fear is again expressed that the packers will, unless checked in some way, control all the food products of the U. S. This statement has been made before by a majority of the commission and in the present report certain facts and statistics are given which in the view of the board, give proof that their fear of market domination is well founded. To one reading the report it seems that the business is really pretty well in control, for according to the commission they now manufacture 775 commodities and the "big five" are said to dominate 762 different operating companies.

The commission does not need to present an array of figures to prove the enormous business as done by the packers. This is a matter of common knowledge. The only benefit that can come from the commission is proof that the packers dominate business to the detriment of the public. Just because a business is big is not proof that it is illegally done or that it is against public welfare. Without discussing the business of the packers, it sometimes happens that big business is for the benefit of the public in that operation costs are less than would be true if the business were split up into much smaller totals.

**A WISE CHANGE IN PLANS.**

The Illinois Reserve Militiamen for the most part are enthusiastic about the encampment plans as outlined by the adjutant general. That is, they favor an encampment at a feasible date, but there was relief down state when the fact was known that for certain regiments the July encampment dates had been changed. This is an especially busy time in the area of the state where the militiamen of at least three regiments live and the decision to postpone the encampment training was for the public good.

**EVERYBODY WANTS THE DISABLED SOLDIER TO MAKE GOOD.**

Educational institutions have altered their courses to suit the desires of disabled soldiers applying for entrance. Non-collegiate courses are being offered, in order to meet the requirements of students without sufficient preparation for work or regular college grade. Entire new subjects have been introduced into the curriculum. One State College is providing training for camp cooks which in that particular locality offers good openings, as the demand is large and the pay good. State legislatures have made appropriations sufficiently large to cover all expenses of tuition and other fees of disabled service men.

Employers advertise for the services of discharged disabled men, not with the idea of exploitation but because if their enlarged vision and broader experiences gained thru their service makes them satisfactory employees.

Workers in the various industrial and commercial establishments in which disabled men have been placed have almost universally welcomed the opportunity of assisting them by kindness and consideration in their efforts to retrain and reestablish

**VIEWED WORK AT RESERVOIR SITE**

Rotary Club Members on Inspection Trip—T. A. Chapin of Water Committee Explained Construction Details.

Members of the Rotary club, following the luncheon Friday, made a trip of inspection to the site of the new dam and spillway. T. A. Chapin, member of the joint committee on water supply, was one of the party and was ready to answer any questions with reference to the construction work in progress or the general area which the reservoir will cover.

Under the direction of Mr. Walbridge, contractor, the work is now progressing in quite a satisfactory way. The excavating is being done with a steam shovel and the earth is being conveyed by means of two large motor trucks and a number of dump wagons. The concrete core for the dam has been finished and the men are now busy making the big fill to the north of this concrete wall. The work has progressed to such a point that the visitors were able to get a better idea than they had before of the method which is being followed.

**Social Events**

Party in Honor of Litterbury Soldiers.

Mr. and Mrs. J. B. Brown recently entertained a company of relatives and friends at their home east of Litterbury in honor of their nephews, George E. Hanning and Edward McCarty and the other ex-soldiers of their neighborhood who have recently returned from military service overseas. In all there were about fifty guests and the arrangements were such that an evening of great pleasure was had by all. Most excellent refreshments were served during the evening.

**Mound Woman's Club Held Regular Meeting.**

The Mound Woman's club held its regular meeting Friday afternoon at the home of Mrs. Emma G. Smith of the Mound. There was a good attendance and after routine business refreshments were served by the hostess. Plans were made for the annual picnic supper when the members entertain their husbands and children. This event will be held at the home of Mrs. A. L. Dorsey on the Mound road Friday, August 8.

**132nd ENGINEERS IN IMPORTANT WORK**

Mention was made recently of the arrival of Private Carl W. Yancy in this country after an extended period of service overseas. This Morgan county man, with other members of the 132nd Engineers, has been employed for some months on engineering work at St. Aignan, France.

Under date of May 23, 1919, Major Byron K. Coghlan, in command of the 132nd Engineers, issued a certificate to each member of his command. A part of this document reads as follows: "As the engineer work at this point increased during the past year, specially qualified men were picked from the replacements in the classification camp, until by this spring over seven hundred of these men were employed on engineer work at this place. On April 1st this picked body of men were formed into the 132nd Engineers, an organization which ranks among the highest in the American Expeditionary force in both morals and intelligence."

"Owing to the fact that some men are being retained in France in disciplinary organizations, an impression has arisen in certain parts of the U. S. that all men over here are held for this reason. This communication is to rectify this error in so far as it might by a possibility affect the 132nd Engineers, as this organization is being retained in France for the convenience of the government."

You have probably been in the habit of applying external treatments, trying to cure your catarrh. You have used sprays, washes and lotions and possibly been temporarily relieved. But after a short time you had another attack and wondered why. You must realize that catarrh is an infection of the blood and to get permanent relief the catarrh infection must be driven out of the blood. The quicker you come to understand this, the quicker you will be cured. "S" which has been in use for years and is the only system.

## CHICAGO MAKES

### IT FOUR STRAIGHT

Sox Defeat Philadelphia by Bunching Hits off Perry—Other American Games.

Chicago, July 11.—Chicago made it four straight from Philadelphia today by winning 7 to 1. The locals won the game by bunching hits off Perry. Cicotte backed by fine support, had little trouble holding the visitors safe. The score:  
Club R H E  
Philadelphia 001 000 000-1 9 3  
Chicago 000 020 011-7 12 0  
Perry and Perkins; Cicotte and Schalk.

Cleveland 5; New York 1.  
Cleveland, O., July 11.—Cleveland defeated New York 5 to 1, thus taking three out of four in the series. The contest was featured by home runs to deep center by Speaker and Johnston. Bagby was very effective. The score:  
Club R H E  
New York 010 000 000-1 4 0  
Cleveland 021 000 005-5 7 1  
Shor, Smallwood, Nelson and Hannab; Bagby and O'Neill.

Detroit 3; Washington 1.  
Detroit, July 11.—Detroit took the last game of the series from Washington today 3 to 1. Harper, who was knocked out of the box Thursday, essayed a comeback and pitched good ball until the sixth when he gave way to a pinch hitter. Love was hit freely and only good support blocked Washington scores. The score:

OTTO BARTH BUYS PROPERTY IN BLUFFS

Resident of Meredosia, Precinct Purchased Gray Property—Streets Were Oiled Sunday—Other Bluffs News Notes.

Bluffs, July 10.—Wm. Butterbusch, Jr., who has been conducting a general store at Exeter for several years, has sold out to Roy Berry of Exeter, who will conduct the business along the same line. Mr. Butterbusch resides on a farm south of town and will continue to look after his farm interests.

Otto Barth of near Meredosia has purchased the Gray property in the east part of town and expects to remove his family here soon. The consideration was \$1500.

The citizens of Bluffs enjoyed the luxury of having the streets oiled Sunday. As no oil was used last year the streets were in a very dusty condition and in some parts the oil did but little good. J. E. Korty is having his residence remodeled and repaired which will add greatly to the appearance of the place. The building is being raised and a basement put in also.

Lawrence McCullom has returned from Virginia where he has been stationed for several months, and is the guest of his parents, Mr. and Mrs. William McCullom and family.

Mrs. Celia Meate of Springfield was a caller in town Monday.

Misses Ruth, Thelma and Evelyn Boscoe spent Tuesday and Wednesday of this week with friends in Jacksonville.

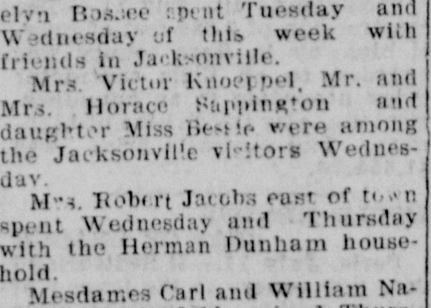

Mrs. Victor Knoepfel, Mr. and Mrs. Horace Sappington and daughter Miss Bessie were among the Jacksonville visitors Wednesday.

Mrs. Robert Jacobs east of town spent Wednesday and Thursday with the Herman Dunham household.

Mesdames Carl and William Nation of Springfield arrived Thursday for a visit with Mrs. Thomas Reid.

Rev. Taylor, pastor of the F. M. church, is conducting a series of revival meetings at the church. Miss Opal Laurence has returned from Quincy where she has been the guest of relatives for the past week.

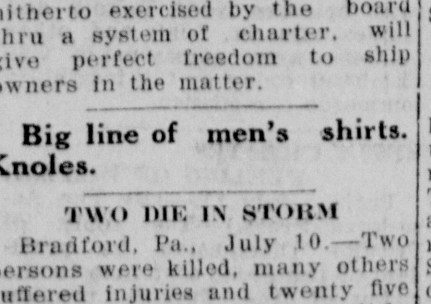

Miss Hester Torrence, who has been the guest of her parents for several days, has returned to her duties in Springfield.

## FEAR PACKER DOMINATION OF ALL FOODS

(Continued from Page One.)

& company Inc., has reached into the salmon fisheries of Alaska, and a Morris concern cans shrimp taken in the waters of the Gulf of Mexico.

"In England, France, Italy, Holland and other European countries large meat distributing companies have been organized by the packers to sell the meats from their plants.

"The big five, the report said have control of or interest in pub-

lic utility corporations in Sioux City, Kansas City, South St. Paul, Portland, Ore.; South San Francisco; South St. Joseph, Mo.; Hill City, Minn.; Ft. Worth Texas and Chicago.

**Report on Financial Power.**  
As to financial power the report said in part:

"The packer has drawn to a marked degree upon the banks of the country for liquid funds. To assure himself loans ample to his purpose, the big packer has secured affiliation through stock ownership, representation on directorates and in other ways with numerous banks and trust companies. Mr. Armour, Mr. Swift, Mr. Morris and Mr. Wilson are directors in banks affiliated closely with those who are strong at the sources of credit in the United States."

After reviewing the interest of the packers in the leather, fertilizer, cotton seed oil, grain and breakfast food industries, the report said:

"The reason why the packers are seeking control of the substitutes for meat—the foods that compete with meats—is obvious. If the prices of substitutes for meats are once brought under packer control, the consumer will have little to gain in turning to them for relief from executive meat prices.

"Judged conservatively by trade estimates the big five handle at least half of the poultry, eggs, and cheese in the main channels of interstate commerce.

"Recently the big packers began dealing in various staple groceries and vegetables, such as rice, potatoes, beans and coffee and increased their sales at such a rate that in certain lines they have become factors of great moment."

**Swift Denies Charges.**  
Chicago, July 11.—Charges against the big meat packers contained in the report issued by the federal trade commission today were denied by Louis F. Swift, president of Swift & Co.

"It was explained that Mr. Swift spoke for the big Chicago packers, Swift & Co., Armour & Co., Morris & Co., and Wilson & Co., in his reply to the federal trade commission's charges.

## MRS. MOONEY CALLS AT WHITE HOUSE

WASHINGTON, July 11.—Mrs. Rena Mooney, wife of Thomas J. Mooney, who is serving a life sentence after his conviction in connection with the preparedness day bomb explosion in San Francisco, called at the white house today and conferred with Secretary Taft. It was understood she desired to see President Wilson in the interest of her husband.

Secretary Mooney explained to Mrs. Mooney that the president had done everything it was possible for him to do in the case of her husband. He added, however, that the president would be willing to receive and read any petition she desired to submit.

Upon leaving the white house, Mrs. Mooney went to the department of labor to see Secretary Wilson.

**RE-ORGANIZING FORD MOTOR CO.**  
DETROIT, Mich., July 11.—Re-organization of the Ford Motor Co., is being completed where Edsel Ford, 25 year old president of the company, becomes, with the exception of one other stockholder, the sole partner with his father, Henry Ford, in the corporation. Frank L. Klingensmith, vice president and general manager of the company, announced today that purchase had been arranged of all the minority stock excepting a block held by James Couzens, millionaire mayor of Detroit and former vice president of the company.

It was estimated in financial circles that the amount involved in the purchase would total close to \$100,000,000. Up to the present Henry Ford has held 58.1 per cent of the Ford Motor stock.

The minority stock bought in included that of John F. and Horace E. Dodge, heads of the Dodge Motor Co.

**CLEMENCEAU REVIEWS FRAMING OF TREATY**  
PARIS, July 11.—Premier Clemenceau appeared before the committee of the chamber of deputies which is considering the peace treaty today and reviewed the circumstances under which the treaty was framed. He said that the difficulties the allies encountered during the war confronted them in a changed aspect when they came to make peace.

The dominating idea of the treaty, Premier Clemenceau said, was the necessity of maintaining the peace of the world by the union of the four great allied and associated powers. The premier said France had reason to congratulate herself on the treaty, but was not satisfied with the agreement by Germany. Referring to the league of nations he said the French government must endeavor within the league organization to secure the adoption of the amendment proposed by Leon Bourgeois establishing a military and naval staff in the league.

Regarding responsibilities for the war, Premier Clemenceau said it was a satisfaction to morality that the responsible persons would be tried and added that the entente would maintain its position on that point.

**MARCH REPORTS ON SURPLUS FOOD STOCKS**  
WASHINGTON, July 11.—General March, chief of staff of the army told a house subcommittee on war expenditures today that the war department's declaration of surplus food stocks could have been made in February instead of May and that on July 8 the declared surplus of foodstuffs amounted to \$121,100,000.

Chairman Reavis in questioning the general contended that delay in declaring the surplus had resulted in great loss to the government and had deprived the public of foods for which their was great demand.

In a statement filed by General March of the surplus of food stocks was given as follows:  
Corn beef \$24,000,000; bacon, \$23,600,000; roast beef, \$20,500,000; fresh frozen beef and poultry, \$20,000,000; corn beef hash, \$10,000,000; canned vegetables \$23,000,000.

**BRESNAHAN TO CATCH FOR SEMPER TEAM**  
Toledo, O., July 11.—Roger Bresnahan, several years ago manager of the Chicago and St. Louis Nationals, now president of the Toledo Club of the American Association, has signed to catch for the Rail Lights, a local semi-professional team. It was announced today.

**AGREE ON RACE PURSE**  
Chicago, July 11.—A purse of \$8,000 has been agreed upon by the contest committee of the Chicago Automobile club and the Elgin Road Racing Association, as an inducement to pilots to contend in the revival of auto road racing at Elgin, announced for next month. Half the purse will go to the winner.

**URGE MUNICIPAL MARKETS**  
Denver, Colo., July 11.—With a declaration that "the high cost of living, the high cost of dying, the high cost of justice, and outrageously high cost of everything is the paramount issue in the world today," the convention of the Brotherhood of Locomotive Firemen & Enginemen today adopted a resolution urging immediate establishment of municipal markets and cold storage houses to deal in necessities and thereby to eliminate the profits of the "middleman." The resolution attacked the big packers, alleging control of food products.

**NOT INDICATIVE OF DUTCH ATTITUDE**  
Paris, July 11.—Feeling in conference circles today was that the curj rejoinder of Holland to the allied note regarding the former German crown prince received yesterday could not be taken as indicative of the Dutch attitude on the final question of the surrender of either the former emperor or his oldest son.

## IMPORTED POLICE RIDE STREET CARS

CHAMPAIGN, Ill., July 11.—The imported policemen who are riding the Champaign street cars to preserve order while the strike is in progress will continue to occupy their posts as long as the occasion demands, city officials announced this morning. Union men yesterday demanded that the special policemen be taken from the grounds that they are non-residents. There is a slight possibility that the strike will be settled today as there will be a meeting between A. J. McMorro of Chicago, international organizer and H. E. Chubbuck, an official of the McKinley interests in Chicago this afternoon.

## QUIZ BAKER ABOUT LOCATION OF CAMPS

WASHINGTON, July 11.—Questioned today by a house investigating sub-committee about the location of most of the army training fields in the south Secretary Baker said he had never heard any improper suggestion from any one about the location of the camps.

Mr. Baker declared the camps were placed in the south rather than in the north solely because better weather conditions obtained there and he added that no influence that he knew of was exerted to send the men to the south.

Replying to questions regarding the disposal of the camp sites bought by the government, Secretary Baker said it was wiser to maintain these properties until the future military policy had been fixed by congress.

Mr. Baker said "frankly I made a mistake," in directing that work be resumed on Camp Benning, Ga., last March, after the senate military committee on a tie vote failed to approve the project. The secretary explained that before making the decision Senator Hoke Smith, Georgia had told him two absentee committee members favored the camp.

Another mistake admitted by Mr. Baker was his selection of the Charlotte, N. C., camp in preference to a site at Fayetteville. Reports of an inadequate water supply at the latter place was later disproved, he said, led him to select Charlotte.

## R-34 COVERS 1600 MILES OF JOURNEY

LONDON, July 11.—The R-34 at 2:30 o'clock this afternoon Greenwich time (10:30 a. m. N. Y. time) had reached 46 degrees 32 minutes north latitude, 28 degrees, 28 minutes west longitude, according to latest advices from the dirigible. One of the airship's engines has completely broken down. The message said it was proposed to land at East Fortune.

The above report indicates that the R-34 has covered approximately 1,600 miles of her journey to Scotland. Since the last report giving the location of the R-34, the speed it the dirigible has slackened to about 43 miles an hour, due probably to the broken down engine. The airship's course was given in the 2:30 o'clock Greenwich Time report as about 25 miles north of that given in the previous message.

## AWARD ROAD CONTRACT

Springfield, Ill., July 11.—The construction of 3,890 feet of gravel highway in Kane county was awarded to Elmer H. Perry of Springfield as referee in bankruptcy to succeed Edward S. Robinson was announced today by Judge Louis Fitz Henry of the United States district court. Mr. Robinson will be retained as special referee.

## WILSON PLAYS GOLF

## REPLY CREATES FEELING OF DISPAIR

Paris, July 11.—(By The Associated Press.)—The reply of Premier Clemenceau, as president of the peace conference to the claims of the Turkish mission which visited Paris has created a feeling of despair in Turkey according to a despatch from Constantinople.

## END CAR STRIKE

Denver, July 11.—Denver's street car strike, begun Tuesday last was settled today when the executive committee of the union agreed to accept a 48 cent an hour wage scale and submit their demand for higher wages to arbitration.

## CHICAGO, JULY 11.—About 600 members of 346th remount battalion were welcomed home today after fourteen months in France. They were presented with flowers at the railway station.

## M. E. EXPOSITION SHOWS SERVICE NEED

Director General Taylor Talks About Lasting Benefits of Columbus Exhibit.

"The world has been brought to Columbus and what is of more value from the standpoint of practical Christianity, literally hundreds of thousands of people through the instrumentality of this Methodist centenary celebration have received a vision of service," said Dr. S. Earl Taylor, director general of the centenary.

## A Great Success.

"Thanks to the loyalty, energy, and enthusiasm of the thousands of workers on the centenary grounds and throughout the length and breadth of the country and from many foreign countries the centenary celebration has been a crowning success, even beyond the fondest dreams of those who planned the celebration of the first hundred years of Methodist missions. It has been one of the most notable achievements along the lines of practical religion, that the world has ever seen.

"Credit for the success of this celebration, now drawing to a close is due to the rank and file of the helpers in all lines of endeavor. I personally have been receiving commendations upon the way in which our program of a world-wide vision has been carried out, but I am not the one to whom credit should be given. It was merely my privilege to have direction of some of the details and I say it without fear of contradiction that never have I seen such loyal co-operation in carrying forward the plans.

**The Lasting Effects.**  
Asked in regard to the lasting effects of the celebration, Dr. Taylor said:

"That the time is ripe for the reuniting of the Methodist Episcopal church and the Methodist Episcopal church South has been emphasized time and again, during the preparations for this centenary celebration. Since the representatives of these two great churches have had the opportunity of mingling together in the closest possible manner on the exposition grounds, it has been borne in upon all of us, that the cementing of the church, north and south will be one of the lasting outcomes of the celebration.

"No one can tell of how far-reaching influence upon the lives and hearts of the people, young and old, will be the lessons learned here under such realistic and favorable circumstances. Close observers have said that the close of the great war would be followed by a revival of real old-fashioned religion, the like of which never has been known. Perhaps in the providence of God, this centenary celebration will be one of the means at His hands for spreading His gospel to the furthest corners of the earth. The hundreds of young men and young women, who have pledged their lives to the service of the living God and to the uplifting of humanity in the meeting here will carry the message of peace on earth and good will to men.

## A COMMUNICATION.

The Journal is in receipt of another communication signed "Thresherman," which reads about as follows:

"With reference to the meeting of threshermen held at the court house last Saturday, there was no definite agreement made as to threshing charges. It is my opinion that prices should be higher this year, as expenses are greater for repairs, labor and oil. Some of these advances are from 30 to 50 per cent. It is my opinion that price should be as follows: Wheat per bushel 10c, oats per bushel 5c., rye per bushel 12c."

## LABOR DAY PICNIC TO BE HELD HERE

Trades Assembly Makes Decision to Observe Holiday at Home—Officers are Elected.

Acting in accordance with the sentiment of labor unions of Jacksonville, the Trades Assembly has decided upon a Labor day celebration here, with a picnic on the ground adjacent to the new reservoir. This decision was reached at a meeting held Thursday night, at which time a committee was appointed to make necessary arrangements. This committee includes W. J. Hardy, I. W. Eaton, A. L. Wood, Ira Patterson and W. Stevens.

It was decided that at the meeting a movement will be started for the organization of a woman's union label league. Officers were chosen for the next six months as follows:

President—W. J. Hardy.  
Vice president—Pat Hayes.  
Corresponding and recording secretary—Abe L. Wood.  
Trustee—W. Stevens.  
Sergeant at arms—Robert Asher.

The labor party is desirous of securing representation in the constitutional convention and a committee was appointed to look after party interests here. This committee includes I. W. Eaton, W. J. Hardy, George A. Smith, W. Stevens and Walter Quinlan.

### BROTHERS EXPECT EARLY RETURN TO U. S.

Sons of Rev. and Mrs. G. W. Randle Advise Parents That They Expect to Again Be at Home in Near Future.

Letters recently received by Rev. and Mrs. G. W. Randle from their sons, Glenn and Mason Randle, bring the welcome information that they expect to be again in the U. S. at a comparatively early date. Glenn Randle is lieutenant of salvage unit No. 319, with headquarters at Camp Rochambeau, near Tours. In a recent letter the young man comments upon the work which has been done by the A. E. F. since the signing of the armistice. He says that notwithstanding the letting up of effort which naturally followed the cessation of hostilities, the American soldiers have done their part in policing the French territory, and have not shirked any duties no matter how distasteful.

In referring to the visit of Gen. Pershing he said: "I marched the boys down to Tours the 5th of the present month. Gen. Pershing was there and I stood inspection with salvage units 7, 13, 318 and 319. I was a little shaky when I went down, for the commander-in-chief has the reputation of being a disciplinarian. But instead of the criticism I expected, the organization was complimented."

A recent letter from Lieut. Mason Randle is written from London, and states that the writer expected to leave immediately for Edinburgh for a brief tour of Scotland. Lieut. Randle has but recently completed a university course in the great English metropolis, offered to members of the A. E. F. Among other interesting items contained in the letter was an account of a recent public demonstration at Albert Hall, London, because of the acceptance of the League of Nations covenant. There were 10,000 persons present and addresses were made by Viscount Grey, Lord Robert Cecil, Lord Clynes and Dr. Alexander Irvine.

In conclusion the writer said: "Everyone is getting restless as the time for departure draws near. We expect to be moving along about July 4 or 5 and that means we get home about July 18. Seems strange to talk of 'getting home.'"

**ELMER HENDERSON IS AGAIN A CIVILIAN.**

Elmer Henderson arrived Friday at the home of his parents, Mr. and Mrs. C. P. Henderson, just west of Litchberry. The young man has just been given his discharge at Camp Grant after several months of service in France. He left this city June 25, 1918, and was assigned to the motor transport corps. Prior to entering the service Mr. Henderson was a resident of this city. His plans for the future have not yet been determined, but he will probably spend some time in the Litchberry neighborhood.

Today we have on sale trimmed hats at 50c, 75c, 95c and \$1.98 which are wonderful for the prices at HERMAN'S BIG SALE.

**CLINIC TRUCK AT WOODSON**

The clinic truck which is touring the county in the interest of child welfare work was in Woodson Friday. The truck was stationed on the lawn of the village school and a large crowd was in attendance and a number of children were examined.

### EDWARD WRIGHT IS IN CRITICAL CONDITION

Employee of City Elevator Company Receives What May Prove Fatal Injuries in Fall Into Grain Bin—Is at Our Savior's Hospital.

Edward Wright, an employee of the City Elevator, is lying at Our Savior's hospital in a critical condition as the result of injuries received when he accidentally fell into an empty grain bin Friday morning.

Wright has a severe concussion of the brain, a broken collar bone, a rupture of a blood vessel back of the left eye, a badly cut ear and perhaps internal injuries.

It is not known just how the accident occurred as Wright was unconscious when found and has remained so since. He was in the top of the elevator on the south side. Another employee, W. E. Gregory heard his body strike the bottom of a bin. He reported the matter to Mr. Clary and upon investigation Wright was found on the floor of the bin. He had fallen a distance of probably 25 feet and struck apparently on his head and shoulders.

The injured man was removed from the bin and an ambulance summoned and he was rushed to Our Savior's hospital where he was attended by Dr. J. W. Hairgrove, assisted by Dr. Edward Rowe and Dr. A. M. King. Examination revealed the injuries indicated above. However, Wright did not regain consciousness and Friday night he seemed to be sinking and it was feared he would not live through the night.

Wright is a well known colored resident of the city. He resides at 806 West Railroad street and had been in the employ of the City Elevator for several years. He is married and has a number of children.

**Boxing tonight, Al Baldwin vs. Frisco Kid, Carnival Gds.**

**"FRISCO KID" WILL MARRY, THEN FIGHT**

Boxer With Carnival Company Will Marry Tonight—Will Then Box Ten Rounds With Al Baldwin—Five Rounds Friday Night Were Fast and Ended With Honors Even.

"Frisco Kid" and Al Baldwin boxed five sensational rounds at the boxing show at the carnival grounds last night. The boys mixed it all the way with lots of in-fighting. It was one of the best bouts of the week. There were also three 3-round preliminaries, which were above the average.

After the show last night "Frisco Kid" issued a challenge to box Baldwin ten rounds Saturday night. As usual Baldwin accepted, and the bout will be staged tonight. The show will open with a preliminary at 9:30 and there will be something doing every minute until the Frisco Kid-Baldwin match is staged. The bout will be staged a little late in order to permit business men to witness it.

Just before the ten-round bout "Frisco Kid" (Harry Estes) will be married to Julia Trunk, of Cleveland, a member of the carnival company. Manager Jimmy O'Dare gave out this information last night. The ceremony will be performed in the ring.

**BAPTIST CHURCH NOTES.**

Third annual Old Folks service will be held Sunday 10:45 a. m. Pastor's address will be on "The Bright Evening of Old Age." While this service is in honor of the old folks, much of the message will deal with condition of youth, for youth properly used and developed leads to the Bright Evening of Old Age, therefore young and old are cordially invited to this service.

Pastor A. A. Todd returned Friday morning from Chicago where he attended a most important meeting of the Illinois Baptist state board. The big feature of the board meeting was the appointing of a committee of 21, to be known as the "State Board of Promotion" to work in conjunction with the "General Board of Promotion" of the Northern Baptist convention. These boards will consider all future problems and programs of the state and national conventions, and have much to do with the new "One Hundred Million Dollar Campaign" to be put over in five years, the first year's work to be largely inspirational and educational, the remaining four years financial and missionary.

**HERMAN COHEN ARRIVES HOME!**

Herman Cohen who has been overseas for the past year with the 34th Engineers, arrived in the city yesterday, having received his honorable discharge. Mr. Cohen looks well, though he does not weigh as much as he did in private life. He says he saw some wonderful sights and was glad he got across but more glad to get back, because he says the United States is the greatest country on the face of the earth.

**WAR MOTHERS MET.**

The Morgan Co. Chapter of War Mothers met Friday afternoon at the library in their regular monthly meeting. The constitution and by-laws was read and accepted. It was decided to discontinue the meeting during the summer. The next meeting will be held the first Friday in September.

**FUNERAL NOTICE.**

Funeral services for William Moore will be held from Mt. Emory Baptist church this afternoon at 4 o'clock in charge of the Rev. E. A. Crockett. Burial will be in Jacksonville cemetery.

Miss Ethel McClure is here from Virginia for a visit of several days with Mr. and Mrs. I. M. Bunch at their home on North Fayette street.

### MET WITH ACCIDENT ON FISHING TRIP

State's Attorney Robinson Had Misfortune to Run Fish Hook Into Foot While Fishing Near Mercedia Recently—No Bad Results Likely.

State's Attorney Carl E. Robinson is confined to his home on West State street recovering from the effects of a recent accident which for a time gave promise of having serious results. Mr. Robinson in company with his father-in-law, John W. Leach, was out fishing near Mercedia. While he was wading in the stream catching fish with his hands he ran a fish hook into his foot, deeply embedding it in the flesh. With the hook thus caught in his foot Mr. Robinson was compelled to swim to the other side of the stream and neither he nor Mr. Leach was able to remove the hook. Then the aid of a physician was sought with no better results than the men had secured themselves. Only one thing remained to be done and so the journey to Jacksonville was begun in an automobile and as much speed as possible was made. Arrived here, the necessary attention was given and the hook removed.

It can well be understood that the long period of pain attending the accident was a shock to Mr. Robinson and he will be confined to his home for some days. Fortunately it now seems that there was no infection from the wound as it first feared might be the case because of the long time intervening between the time the accident happened and the removal of the hook.

**ENCAMPMENT PLANS  
HAVE BEEN CHANGED**

Adjutant General Dickson Made Order For Militiamen—Three Regiments Will Not Go To Camp.

The program for the Illinois reserve militia encampment which begins in Springfield today when the Eleventh infantry pitch their tents at Camp Lincoln, Springfield, was changed Thursday by Adjutant General Frank S. Dickson. Under the new program, the Fifth, Sixth and Seventh infantry regiments, which will not go to camp, Company C of this city is a unit of the Fifth infantry.

These three regiments, the adjutant general said, will hold themselves in readiness to attend the rifle range at either Camp Lincoln, Springfield or Camp Logan, Zion City, between now and October 31. Their encampment order has been rescinded and the attendance at the range will be the only time that they will go into camp.

**Busy Time Down State.**  
The order, calling off the encampment of the three regiments was issued by Adj. Gen. Dickson to the downstate districts who will be busy harvesting crops. The time to be spent on the rifle range is only about two or three days, and the troops will go on the range whenever it is convenient for them to do so within the prescribed time limits.

Aside from the change made Thursday the program relative to other regiments of the state will be carried out as originally announced. James E. Stuart of Chicago will bring his regiment, the Eleventh, to Camp Lincoln, first, and will stay one week. This will open the first encampment since war was declared by congress and marks the return of the militia units to a re-organized peace time basis.

Following the Eleventh infantry, the Tenth regiment will come into camp. The encampment will be brought to a close after a week spent at Camp Lincoln by the oldest regiment in the state, the Ninth infantry.

The oldest infantry of the Fifth, Sixth and Seventh regiments lessens the number of organizations to go into camp at this time by half.

**No Official Order Here**  
Captain Wesley James of Company C stated last night that as yet he had not received any definite orders relative to the change in encampment plans but believed the report authentic and expected to receive word from Springfield today.

Captain James believes that the change in the plans just at the time is a good move as so many members of the local company are very busy at this time of the year and it is difficult for them to arrange their affairs to leave for a camp of a week's duration. The commander of Company C, stated that later the men of the company would arrange a more suitable date for the rifle range when the work in the various lines of endeavor was not so rushing.

**ARTHUR L. WOODS ARRIVES IN NEW YORK**

Mrs. Arthur L. Woods has received word that her husband has arrived in New York. He is the son of Mr. and Mrs. Iven Woods of southeast of the city. Sergt. Woods enlisted in California in August, 1918, and was immediately sent overseas, being in overseas service ten months. Upon his return to this city they will make their home southeast of the city.

**LYNNVILLE CIRCUIT**

### FORREST DODD IS VISITING HERE

Is Commissioner of Streets in Tinneytown, Springfield, Mo.—Has Been at N. E. A. Meeting in Milwaukee.

An interesting little visitor in Jacksonville the past week is Forrest Dodd of Springfield, Mo. Forrest is 14 years of age and is now ready for the first year high school.

During the last school term the boys of the school under direction of Mr. Johnson, an architect and contractor and the Chamber of Commerce began the building of houses of beaver board. The scale followed was one half inch to the foot.

The boys were paired and in all about 300 houses were constructed and exhibited in Convention hall in Springfield. Prizes were awarded for the best built houses and the miniature city was named Tinneytown.

Springfield is under the Commission form of government and it was decided to hold an election and elect a mayor and city council for Tinneytown. The boys of the high school, sixth, seventh and eighth grades were allowed to vote. The city had a police and fire department and all of the departments usually found in a city.

Forrest Dodd was elected a commissioner of streets. It was then decided by W. W. Thomas, superintendent of schools, to take the best models of Tinneytown and also fourteen of the boys to the N. E. A. convention at Milwaukee. Forrest was one of the lucky boys. He reports a wonderful time and stopped here on his way home to join his mother who has been the guest of friends here for some time.

The young man is remarkably bright and talks in an interesting manner of his school work and his trip. In company with his mother he expects to leave today for his home in Springfield.

**MARRIAGE OF JUDGE HIGBEE AND MISS MAUDE MORELAND**

Solemnized at Home of Bride's Parents, Mr. and Mrs. Daniel Moreland Tuesday Afternoon. (From the Pike County Times.)

The marriage of Judge Harry Higbee to Miss Maude Moreland was solemnized Tuesday afternoon at 3:30. Rev. Robert Atchison of St. Stephen's church was the officiating clergyman. The wedding was a very quiet affair, only members of the family being present. After the ceremony a wedding supper was served.

Judge and Mrs. Higbee left on the evening train for Chicago, and after a few days in that city they will make a tour of the Great Lakes, visiting points of interest, returning to Pittsfield in about three weeks.

They expect to be home about August 1, and August 15 they leave for a trip down the St. Lawrence river and will visit points of interest en route. They will arrive in Boston about the first of September where Judge Higbee will attend the meeting of the American Bar association as a delegate from the Pike County Bar.

Both Judge and Mrs. Higbee are life long residents of Pittsfield. She is the only daughter of Mr. and Mrs. Dan Moreland and a lady who is held in high esteem in the community. Judge Higbee is not only extensively identified with the business affairs of the city and county, but is held in high esteem and affection because of his many lovable qualities and his generosity. He has a wide acquaintance and is more generally known than any other man in Pittsfield. He has served as judge of the circuit court in this district for several terms and judge of the appellate court of the Fourth district.

Judge Higbee's gift to his bride was a diamond lavallier. The bride received numerous other beautiful gifts, among which was a diamond sunburst from Mrs. Nennie Grant Jones of Chicago.

Just as Judge and Mrs. Higbee were entering their car to drive to the station, a bunch of little girls, all clad in white, who had assembled on the lawn of St. Stephen's church, rushed across the street and surrounding the car showered the Judge and his bride with bouquets of flowers. The Judge has on numerous occasions shown his interest in the children of Pittsfield, and gives them a free movie show every year at Christmas time, and the flower shower was their method of showing their good will to the Judge and his bride.
